--------------------------	---

Continuation of Substance of Interview including description of the general nature of what was discussed: Claims 31, 33, 45, and 50 were discussed. Claim 33 had an improper dependency, the other independent claims were discussed to ensure proper grammatical antecedent basis, and to ensure that the claims would be legible for printing since the July 2nd 2004 amendment had many unclearly scanned individual letters within the words of applicant's claims. The examiner agreed to make an examiner's amendment to each independent claims to ensure that all of the claimed limitations and clear, and cleanly provided in order to place the application in condition for allowance. The examiner was authorized to make the examiner's amendment, given permission to charge any fees if required, and thanked for her time..
